Dear Sir:-

I received your check for \$16.00 did you want that applied on the whole account, or did you mean that for Perpetual care. If I am right there is \$12.00 due on the care of the lot for the last 15 years at 80¢ per year. If you want to pay the perpetual care the whole amount to pay would be \$28.00. leaving a balance now due of \$12.00

Yours Respect
